PROFESSIONAL SUMMARY

Senior Cybersecurity student with hands-on experience in SOC monitoring, vulnerability assessment, and AI-driven security tools, focused on threat detection, incident response, and security automation. Experience analyzing network traffic and identifying vulnerabilities.

EDUCATION

North Carolina Agricultural & Technical State University | Greensboro, NC | Expected May 2027 Bachelor of Science in Cybersecurity; 3.53 GPA

TECHNICAL SKILLS, PROFESSIONAL SKILLS, AND CERTIFICATIONS

Technical: Python, Java, SQL, Linux, AWS, Git, SIEM Monitoring, Vulnerability Assessment, Power BI, Excel

Professional: Incident Response, Technical Troubleshooting, Collaboration, Data Analysis

Certifications: AWS Certified AI Practitioner (AIF-C01) In Progress (Expected July 2026) , Microsoft Azure Fundamentals (AZ-900) In Progress

PROJECT EXPERIENCE

Flask-Based URL Shortener & QR Code Generator | Greensboro, NC | 2025

- Built Flask application integrating Cutt.ly API for URL shortening and QR generation.
- Implemented backend routing, API handling, and deployment workflows improving workflow efficiency by 35%.

Daily Inspiration Web App | Greensboro, NC | 2025

- Deployed a live motivational quotes web application.
- Developed responsive backend functionality and optimized deployment workflows.

Cisco Catalyst 2960 Switch Reconfiguration Lab | Greensboro, NC | 2025

- Reconfigured Cisco Catalyst 2960 switch infrastructure by implementing VLANs, trunking, and basic security hardening.
- Verified network configurations using Cisco IOS show commands to ensure connectivity, accuracy, and performance.

Virtual Machine Setup & Shared Folders | Greensboro, NC | 2024

- Configured virtual machine environments and enabled secure host-to-guest shared folders for file transfer.
- Improved development workflow efficiency by creating a repeatable lab setup for testing, documentation, and technical practice.

WORK EXPERIENCE

AT&T | Dallas, TX | June 2026 – Present

Cybersecurity Intern

Selected for a cybersecurity internship supporting BISOS Automation and Insights team.

Amerio Technology AI | Dallas, TX | May - August 2025

AI Analyst / Engineer

- Designed and deployed AI applications addressing business-critical challenges.
- Engineered data pipelines for monitoring, retraining, and production deployment.
- Collaborated cross-functionally with stakeholders to align technical solutions with business needs.

TrePar Investments | Dallas, TX | June - August 2024

Cybersecurity Intern

- Monitored and analyzed network traffic using SIEM tools to detect anomalies and intrusions.
- Conducted vulnerability assessments and penetration testing, identifying risks and mitigations.
- Supported incident management workflows reducing response times by 20%.

ACTIVITIES & HONORS

Bronze Presidential Award Winner (2016 & 2017) | Office of Leadership & Civic Engagement | 160+ Hours of Community Service | Mr. Chess Club | Dean's List Recipient | Chancellor's List Recipient | Kappa Alpha Psi Fraternity, Inc. Guide-Right Committee
